Position Purpose:

The Firefighter I/II position consists of skilled firefighting work in combating, extinguishing, and preventing fires. Work involves protection of life and property through firefighting and rescue activities. Work is performed under and evaluated by a Company Officer. This is a commissioned, safety sensitive position.

The full salary range for this position is stated above. The starting range of pay is dependent on qualifications and experience of each individual candidate.

Organizational Competencies and Cultural Values:

The **mission** of every employee at the City of Westminster is to deliver exceptional value and quality of life through SPIRIT. Each employee is measured by the ability to adhere to the City's core values of Service, Pride, Integrity, Responsibility, Innovation, and Teamwork.

This position promotes the mission and values of the City of Westminster by supporting the goals of the Fire Department, which is responsible for providing timely emergency response to fire and emergency medical calls; ensuring the safety of personnel, citizens, and visitors to the community; and educating residents and business owners on fire safety, emergency medical prevention, and emergency preparedness.

Every employee is accountable to:

- Demonstrate a high level of customer service; encourage others to focus on the customer; foster an environment where customer service is a priority
- Communicate with customers to ensure that, where possible, they are satisfied, and that their needs are being addressed; solicit and evaluate customer feedback
- Act as an ambassador by understanding and fostering the organization's mission and vision
- Exhibit pride in self, the department, the city, and the community; conduct self in a professional manner
- Demonstrate integrity and build trust through credibility, reliability, commitment, loyalty, and ethical behavior
- Address difficult or contentious issues in a constructive manner
- Support and promote change; demonstrate flexibility, and take calculated risks when appropriate

- Participate in personal growth opportunities, and attend trainings designed to enhance capacity to bring new skills and ideas to the job and the organization
- Work to continuously improve the efficiency and effectiveness of the service or product being delivered
- Demonstrate support for team efforts by accepting new roles and responsibilities, and helping others achieve objectives
- Value diversity; demonstrate an awareness of differences; demonstrate sensitivity, and adapt behaviors and communication to accommodate these differences

General Competencies:

Citywide - Every employee in this position is accountable to:

- Establish effective interpersonal relationships through honest, open communication and follow-through on commitments
- Recognize personal strengths and weaknesses, and target areas for personal self-development
- Demonstrate initiative in performing job tasks
- Exhibit problem-solving skills leading to sound judgment and quality decisions
- Achieve goals, handle assigned workload and new assignments effectively; demonstrate an ability to work independently
- Communicate effectively with individuals and groups using clear and concise verbal and written communications
- Demonstrate accountability for work, and take ownership in job performance
- Demonstrate concern for the accuracy and quality of work; take steps to correct mistakes and improve the overall product

Job Specific – Every employee in this position must be able to:

- Control vehicles in routine and emergency situations
- Lay and connect hose lines, direct water streams from nozzles, and use fire extinguishers, ropes, and other fire service equipment
- Adapt quickly to changing situations
- Learn to skillfully operate Fire Department apparatus routinely and during emergency situations
- Learn a variety of firefighting duties, evolutions, and methods within a reasonable training period
- Learn first aid methods and techniques
- Raise and climb ladders, work at heights, work in cramped and confined quarters, and work in adverse conditions
- Establish and maintain effective working relationship with other employees and the public
- Adapt to fire station environment and living arrangements with other employees
- Assimilate well with all personnel on both professional and interpersonal levels
- Understand written and oral instructions
- Meet and pass Department physical fitness requirements
- Perform arduous tasks under strenuous and adverse conditions
- Act without direct supervision, and exercise independent judgment in handling emergency situations
